You wouldn't have thought the Clippers were favored by 10 points based on their performance from Sunday night. LA just couldn't contain the Nets at all, letting them shoot 55 percent from the field en route to their 129-120 loss. The Clippers' lack of defense was evident right away, as they allowed Brooklyn to score 45 points in the opening quarter.

The legendary Greek figure Orpheus was said to have possessed magical powers capable of moving all living and inanimate things through the sound of his lyre and voice. Over time, the Orphic theme has come to indicate the power of music to unsettle, subvert, and ultimately bring down oppressive realities in order to liberate the soul and expand human life without limits. The liberating effect of music has been a particularly important theme in twentieth-century African American literature. The nine original essays in Black Orpheus examines the Orphic theme in the fiction of such African American writers as Jean Toomer, Langston Hughes, Claude McKay, James Baldwin, Nathaniel Mackey, Sherley Anne Williams, Ann Petry, Ntozake Shange, Alice Walker, Gayl Jones, and Toni Morrison. The authors discussed in this volume depict music as a mystical, shamanistic, and spiritual power that can miraculously transform the realities of the soul and of the world. Here, the musician uses his or her music as a weapon to shield and protect his or her spirituality. Written by scholars of English, music, women's studies, American studies, cultural theory, and black and Africana studies, the essays in this interdisciplinary collection ultimately explore the thematic, linguistic structural presence of music in twentieth-century African American fiction.

Lawyers know when to play by the rules□and when to break them. Legally Bound, Book 1 Harvard law professor Jack Archer once balanced his professional life with the private world of dominance, surrender, and trust he shared with his wife. Since cancer stole her a year ago, finding love again□her final wish for him□is the furthest thing from his mind. From his empty house to the classroom, grief follows his every move. Until he meets a young woman with shadows in her eyes even darker than his own. Once a shining star at law school, Lilly Sterling□s dreams died when the Dom she trusted left her heartbroken and lost. She□s starting fresh in a new city as a paralegal, but meeting Jack reawakens all her old demons□and her lingering desires. Jack offers to become Lilly□s mentor for both the courtroom and the playroom, but tells himself it□s not a relationship. Their carefully worded contract guarantees that. But when their trial agreement starts heating up, both Jack and Lilly must decide what will tip the scales: the letter of the law...or love? Warning: All rise for a book that contains a wounded submissive and a Dominant who wants to retrain her while retaining control of his heart. Discovery phase may involve spankings, bondage, edging, and blindfolds. Is it hot?
