If your baby won't eat what you offer the first time, try again in a few days. Some doctors recommend that you introduce new foods one at a time. Wait two or three days, if possible, before offering another new food. (Wait three days if your baby or family has a history of allergies.) It's also a good idea to write down the foods your baby samples.

Age-by-age guide to feeding your baby | BabyCenter

At every meal, fill half your plate with fruits and vegetables. The other half should include whole grains like brown rice, whole-grain bread, or oatmeal. Try to limit packaged, processed foods and...
