Blackberries are very distinctive cell phones; however, most people have only brushed upon the surface once they have read through the owner's manual and have used it for a few hours. This ebook is designed to provide you with a handful of tips, tricks, and hacks that you can use with your Blackberry. It is literally an essential ebook for any Blackberry owner to read! In an attempt to be fair and honest: The section of this ebook entitled "How To Handle Blackberry Water Damage" has similar information that is contained in my other ebook "How To Save A Wet Cell Phone: Preventing Water Damage". Once again, the information is similar, but not even relatively close to being identical. I just figured that I'd let you know just in case you had already purchased the other ebook, or are going to purchase it in the future, and notice that the steps are similar.

In this volume, veteran Israeli playwright Shmuel Cohavy presents, for the first time in English, two of his most famous works. The first play, Shores, takes place on a boat sailing to Israel. Albert is a stow-away fleeing an asylum in Marseille, while David is a trusted crewman about to retire dealing with his girlfriend, the prostitute Alice, and the captain, who doesn't care for him. What will happen at his farewell party? The second play, Ausitis, features Dean, a prince who has been robbed of his right-ful throne by the commander of the army, Nutro. On the island Dean has been exiled to, a group of young natives want his help in deposing their king... Things get complicated when Livya, the prince's former fiancée, arrives on the island. Discarded by Nutro in turn, she now has no choice but to face the lover she betrayed.
