**Advanced Ericksonian Hypnotherapy Scripts** is written by Dan Jones, a leading autistic Ericksonian hypnotherapist. Being autistic enables Dan to have a different view on the World to most Hypnotherapists allowing him greater ability to notice relevant patterns others miss and to weave these into therapeutic hypnotic scripts.

The first edition of 'Advanced Ericksonian Hypnotherapy Scripts' has remained a bestseller since its release in 2011. This new and expanded 2nd edition contains additional hypnotic inductions and therapeutic scripts. Many chapters have also been expanded with new helpful content to help you be as effective as possible and to help you to understand the scripts, the Ericksonian hypnotic language and techniques being used, and an overview of how to do hypnotherapy, and how to hold hypnotherapy sessions. There are scripts to help people stop smoking, lose weight, lift depression, calm anxiety, sooth pain, increase performance enhancement, tackle insomnia, and much more... This all round package makes this book a valuable resource for anyone wanting to learn more about Ericksonian hypnosis. Hypnotherapists in training can also read and analyse the scripts and study the language, structure and multi-level communication used to further their skill and knowledge.

The first edition of 'Advanced Ericksonian Hypnotherapy Scripts' has remained a bestseller since its release in 2011. It remains essential reading on many top hypnotherapy and NLP training courses as well as recommended reading for all those interested in self-hypnosis and creating their own hypnosis audio tracks (these hypnosis scripts can be used to make commercial audio tracks as long as credit is given to the author and the book). This new and expanded 2nd edition of 'Advanced Ericksonian Hypnotherapy Scripts' contains additional hypnotic inductions and additional therapeutic scripts. Many chapters have also been expanded with new helpful content to help you be as effective as possible and to help you to understand the scripts, the hypnotic language and techniques being used, and an overview of how to do hypnotherapy. This book of more than 100 Hypnotherapy scripts is based on over 20 years of experience that the author, one of the UK's leading hypnotherapists and hypnotherapy trainers, has had working with a wide range of clients and training other professionals in hypnotherapy, psychotherapy and the healing arts. There are scripts to help people stop smoking, lose weight, lift depression, calm anxiety, sooth pain, increase performance enhancement, tackle insomnia, and many more... This isn't just another hypnosis scripts book, the author hopes that readers will use these scripts as a starting point, rather than just reciting scripts verbatim. This book shares ideas and suggestions on how to run hypnotherapy sessions from gathering information to carrying out the hypnotic work, ending a session and setting tasks. It also introduces Ericksonian hypnotic language patterns and script structure so that the reader can have a deeper understanding of what is being done in the scripts and why they are written the way they are. This all round package makes this book a valuable resource for anyone wanting to learn more about Ericksonian hypnosis. Hypnotherapists in training can also read and analyse the hypnotherapy scripts and study the language, structure and multi-level communication used to further their skill and knowledge. The ultimate goal is to help hypnotherapists move beyond scripts to regularly performing script-free hypnotherapy sessions that occur in response to the client in front of the therapist. This hypnotherapy scripts book can help the hypnotherapist develop ideas from the scripts that can come out spontaneously once mastered. The author, Dan Jones, has had over 50,000 book purchased, over 1.5 million views of his self-hypnosis and self-help videos, and over 500,000 of his self-hypnosis and self-help mp3's downloaded. Jones has been published in magazines worldwide and appeared on UK TV and radio. He has been described in the British press as 'Remarkable', with 'Expert Insight', and 'Personal Development Guru...the UK's Leading Personal Development Coach'. Jones has also carried out extensive research into the effectiveness of using a Humanistic Solution Focused Approach with families to reduce youth crime and anti-social behaviour and has been published in the peer-reviewed journal 'Human Givens'.

This book of more than 100 Hypnotherapy scripts is based on over 20 years of experience. This book is expanded on the first edition to include more hypnotic inductions & 'quit smoking scripts & strategies' and additional description about using the scripts. This isn't just another hypnosis scripts book. It also gives the reader ideas and suggestions on how to run a Hypnotherapy session from gathering information to carrying out the hypnotic work, ending a session and setting tasks. It also introduces Ericksonian Hypnotic language patterns and script structure so that the reader can have a deeper understanding of what is being done in the scripts and why they are written the way they are. This all round package makes this book a valuable resource for anyone wanting to learn more about Ericksonian hypnosis. "A must for all hypnosis and NLP students" Hypnotherapists in training can read and analyse the Hypnotherapy scripts & study the language, structure & multi-level communication used.

Hypnotherapy Scripts, 2nd Edition is a straightforward, practical guide for doing Ericksonian hypnotherapy. This book not only explains the rationale for every step in the hypnotherapeutic process, it also contains sample scripts for each step. This edition of Hypnotherapy Scripts guides professionals through the construction of their own hypnotherapy induction and suggestion scripts. Verbatim sample transcripts of various induction and therapeutic suggestion procedures with detailed guidelines for creating one's own hypnotherapeutic inductions and metaphors are included. Recent research and writings on the role of unconscious processes, wellness, and positive psychology have been added to this edition. Also included is a detailed review of the diagnostic trance process, a therapeutic procedure unique to this text.

A modern script book, with scripts based on Contextual Psychology, giving you tools for manifesting real change. These scripts are designed to draw on multiple tools such as NLP (Neuro-Linguistic Programming), ACT Therapy, Mindfulness Meditation, Direct Suggestion, Indirect suggestion and integration of hypnotic phenomena with contextual psychology. There are scripts for medical hypnosis applications, scripts for habit and lifestyle issues, and scripts to meet your clients metaphysical needs or needs for self-improvement. There are also scripts for Guided Mindfulness Meditation sessions. This incredible book contains 65 complete hypnosis scripts for professional hypnotherapy.

Scripts and Strategies in Hypnotherapy Volumes 1 and 2 have been combined to create the single most comprehensive source of scripts and strategies that can be used by hypnotherapists of all levels of experience to build a successful framework for any therapy session. It covers inductions, deepeners and actual scripts for a wide range of problems from nail-biting to insomnia, sports performance to past life recall, pain management to resolving sexual problems. There is a particularly comprehensive section on smoking cessation. All scripts can be used as they stand or adapted for specific situations. "Provides an imaginative source of scripts covering the most commonly met cases. For the newly qualified therapist it is a useful addition and for the more experienced it is a source of inspiration." - European Journal of Clinical Hypnosis

**Advanced Ericksonian Hypnotherapy Scripts** is written by Dan Jones, a leading autistic Ericksonian hypnotherapist. Being autistic enables Dan to have a different view on the World to most Hypnotherapists allowing him greater ability to notice relevant patterns others miss and to weave these into therapeutic hypnotic scripts.

Have you ever fumbled for the right words in a difficult or unique situation during hypnotherapy? Wouldn't it be priceless to have a resource that provided you with scripts and patter to solve many problems and unexpected events during hypnosis? Knowing the magic words to use will help you turn any difficulty into an opportunity to really help clients, rather than give up in despair and these patter scripts will make you a better hypnotist. This book goes beyond just a few scripts of patter. This book will actually teach you how to structure hypnosis suggestions, compounding them and making them effective. This is not a script book that gives you start to finish "scriptnosis" scripts to read, but rather teaches you the useful patter to incorporate into your own hypnotherapy sessions; actually helping you to create your own scripts and suggestions.

This work represents years of work in the field of clinical hypnosis. As a trained Hypnotic Professional, you will notice, the use of deepening techniques, truisms and confusion method techniques within these suggestion scripts to further deepen the hypnotic state while the client (patient)is hypnotized to increase impact and long-term effectiveness. These scripts and techniques are written in the style and language of this profession. All of these original suggestions, techniques and methods contained herein have proven effective and beneficial for the majority of clients (patients) utilizing them, quite often achieving beneficial results in one or just a few sessions. For many Hypnotists utilizing this work are finding clients (patients) achieving breakthroughs quite rapidly.

Designed as a practical desktop reference, this official publication of the American Society of Clinical Hypnosis is the largest collection of hypnotic suggestions and metaphors ever compiled. It provides a look at what experienced clinicians actually say to their patients during hypnotic work. A book to be savored and referred to time and again, this handbook will become a dog-eared resource for the clinician using hypnosis.
