Kaplan University has been acquired by Purdue University, creating Purdue University Global, a new public university with more than 180 online programs. Purdue Global makes it possible for adult students to achieve a high-quality education from the respected Purdue University system.

Get a solid, global foundation of the therapies and evidence-based clinical applications of CAI. Fundamentals of Complementary, Alternative, and Integrative Medicine, 6th Edition is filled with the most up-to-date information on scientific theory and research of holistic medicine from experts around the world. The 6th edition of this acclaimed text includes all new content on quantum biology and biofields in health and nursing, integrative mental health care, and homeopathic medicine. Its wide range of topics explores therapies most commonly seen in the U.S., such as energy medicine, mind-body therapies, and reflexology along with traditional medicine and practices from around the world. With detailed coverage of historic and contemporary applications, this text is a solid resource for all practitioners in the medical, health, and science fields! Coverage of CAI therapies and systems includes those most commonly encountered or growing in popularity, so you can carefully evaluate each treatment. An evidence-based approach focuses on treatments best supported by clinical trials and scientific evidence. Observations from mechanisms of action to evidence of clinical efficacy answers questions of how, why, and when CAM therapies work. A unique synthesis of information, including historical usage, cultural and social analysis, current basic science theory and research, and a wide range of clinical investigations and observations, makes this text a focused, authoritative resource. Global coverage includes discussions of traditional healing arts from Europe, Asia, Africa, and the Americas. Clinical guides for selecting therapies, and new advances for matching the appropriate therapy to the individual patient, enables you to offer and/or recommend individualized patient care. Expert contributors include well-known writers such as Kevin Ergil, Patch Adams, Joseph Pizzorno, and Marc Micozzi. A unique history of CAI traces CAM therapies from their beginnings to present day practices. Suggested readings and references on the companion website list the best resources for further research and study. NEW! Added chapters offer fresh perspective on quantum biology and biofields in health and nursing, integrative mental health care, and homeopathic medicine. NEW! Updated chapters feature new content and topics, including: challenges in integrative medicine, legal issues, CAI in the community, psychometric evaluation, placebo effect, stress management, and much more! NEW! Updated guides on common herbal remedies in clinical practice, East and Southeast Asia, and native North and South

America deliver the latest information. NEW! Basic science content and new theory and research studies cover a wide range of sciences such as biophysics, biology and ecology, ethnomedicine, psychometrics, neurosciences, and systems theory. NEW! Expanded global ethnomedical systems includes new content on Shamanism and Neo-Shamanism, Central and North Asia, Southeast Asia, Nepal and Tibet, Hawaii and South Pacific, Alaska and Pacific Northwest, and contemporary global healthcare.

The NCLEX-RN exam is not just about what you know—it's about how you think. Kaplan's NCLEX-RN Prep Plus uses expert critical thinking strategies and targeted sample questions to help you put your expertise into practice and face the exam with confidence. This edition also identifies 7 NGN question types being developed by the NCSBN and breaks down, step-by-step, how to approach and answer each type. Proven Strategies. Realistic Practice. 10 critical thinking pathways to break down what exam questions are asking 8 end-of-chapter practice sets to help you put critical thinking principles into action and apply the medical knowledge you've gained in real-life situations 2 full-length practice tests to gauge your progress—one in the book, one online Detailed rationales for all answer choices, correct and incorrect Techniques for mastering the computer adaptive test format Expert Guidance In-depth content review, organized along the exam's "Client Needs" framework 60+ minutes of video tutorials on the ins and outs of the NCLEX-RN Kaplan's learning engineers and expert psychometricians ensure our practice questions and study materials are true to the test We invented test prep—Kaplan (www.kaptest.com) has been helping students for 80 years, and our proven strategies have helped legions of students achieve their dreams

Now in a revised and expanded 7th Edition, Kaplan's Cardiac Anesthesia helps you optimize perioperative outcomes for patients undergoing both cardiac and noncardiac surgery. Dr. Joel L. Kaplan, along with associate editors, Drs. John G. T. Augoustides, David L. Reich, and Gerard R. Manecke, guide you through today's clinical challenges, including the newest approaches to perioperative assessment and management, state-of-the-art diagnostic techniques, and cardiovascular and coronary physiology. Complete coverage of echocardiography and current monitoring techniques. Guidance from today's leaders in cardiac anesthesia, helping you avoid complications and ensure maximum patient safety. More than 800 full-color illustrations. A new section on anesthetic management of the cardiac patient undergoing noncardiac surgery. New availability as an eBook download for use in the OR. Online-only features, including quarterly updates, an ECG atlas...an increased number of videos, including 2-D and 3-D TEE techniques in real time...and an Annual Year End Highlight from the Journal of Cardiovascular Anesthesia that's posted each February.

Kaplan & Sadock's Study Guide and Self-Examination Review in Psychiatry is a comprehensive review of the specialty and perfect for stand-alone review or as preparation for the PRITE in-service, ABPN Part I, and recertification examinations. The book contains more than 1,600 multiple-choice questions and answers, with explanatory discussions of correct and incorrect responses. Chapters parallel the essential corresponding chapters in Kaplan & Sadock's Synopsis of Psychiatry, a staple of psychiatry education around the globe. Terms and definitions are consistent with DSM-IV-TR and ICD-10.

First multi-year cumulation covers six years: 1965-70.
