David Dahl set familiar verses from Psalm 42 to hauntingly beautiful music that amplifies the longing for God evoked by the psalmists words. The organ and choir often act antiphonally throughout.

The Supplement emphasizes music published since 1995, or titles that were overlooked in the previous editions. Entries are arranged from Genesis through Revelation.

Vol. 2 of 3 part series of music for the liturgical year. Designed to be used by Christians of all denominations; there is a liturgical index relating songs to the three-year lectionary. Ogden is the Director of Music at Clifton Cathedral, and Regional Director for the South West and Midlands of the Royal School of Church Music. Alan Smith is Secretary to the Composers' Group of the Society of St. Gregory These song settings may be freely used in worship by Christians of all denominations, but Anglicans and Roman Catholics will welcome the liturgical indexes that relate them to the three-year lectionaries.

Everyone talks about the personal ministry of the Word, but how do we make one-another ministry truly biblical? Gospel-Centered Counseling equips readers to change lives with Christ ' s changeless truth. It does so by examining life ' s seven ultimate questions and then guiding readers on a journey that explores the biblical, gospel-centered narrative of: The Word: " What is truth? " " Where can I find answers? " The Trinity: " Who is God? " " Can I know Him personally? " Creation: " Who am I? " " What makes people tick? " Fall: " What went wrong? " " Why do we do the things we do? " Redemption: " Can I change? " " How do people change? " Glorification: " Where am I headed? " " How does our future destiny impact our present reality? " Sanctification: " How can I help? " " How can I change lives?" Bob Kellemen builds on the foundation of the written Word and provides a gospel-centered resource for understanding people, diagnosing problems, and prescribing biblically-based solutions. Gospel-Centered Counseling is the first volume in The Equipping Christian Counselors Series, a comprehensive relational training curriculum for the local church that provides a model for equipping God ' s people to change lives with Christ ' s changeless truth. This two-volume series weaves together comprehensive biblical insight with compassionate Christian engagement.

Cataloging over 33,000 melodies sung by congregations world-wide, this resource provides the source of each and lists related materials. --From publisher's description.

The Philokalia (literally "love of the beautiful") is, after the Bible, the most influential source of spiritual tradition within the Orthodox Church. First published in Greek in 1782 by St. Nicodemos of the Holy Mountain and St. Macarios of Corinth, the Philokalia includes works by thirty-six influential Orthodox authors such as Maximus the Confessor, Peter of Madascus, Symeon the New Theologian, and Gregory Palamas. Surprisingly, this important collection of theological and spiritual writings has received little scholarly attention. With the growing interest in Orthodox theology, the need for a substantive resource for Philokalic studies has become increasingly evident. The purpose of the present volume is to remedy that lack by providing an ecumenical collection of scholarly essays on the Philokalia that will introduce readers to its background, motifs, authors, and relevance for contemporary life and thought.

Here is the retreat Fr. Mendon ‡ a preached before the papal household during Lent 2018. He discusses the story of the Samaritan woman at the well, where Jesus asks her for a drink of water, and goes on to the theme of thirst?in the scriptures, our thirst for God, and God?s thirst for us.
