I agree, no need to take it down, I have a Buckmark also we took it to a youth day shoot last summer and put 4000 rounds through it in one weekend, all we did was hit it with gun scrubber and a bore snake every 500 rounds or so I think we had 2 FTP's with el-cheapo Federal bulk 22 amo. IMHO buckmarks are tops in .22 autoloaders.

"Jack Ross, after serving his country in top-secret special ops missions for most of his adult life, has discovered that the jumpdrive, a device that allows interstellar transportation, has immense possibilities. The jumpdrive has introduced the people of Earth to planets with alien beings who remarkably resemble animal life-forms from Earth. One of these species, the H'kaah, agree to a business proposition that allows them to live on Earth under the supervision and guidance of human hosts, their 'Patrons.' This business deal leads to an incredible adventure for Jack, the first Patron, and his companion as the two species learn to live in a cooperative environment, and teaches how being different doesn't necessarily mean being unable to be compatible.. and to love. This amazing tale of futuristic possibilities will hold you spellbound until you realize that no matter who you are or what you've done, your fate is always open, never carved in stone, and could possibly be your Redeeming Factor."--Back cover.

"This book is more weighted toward the marksmanship side of things. This is because it's important to establish a solid foundation of training in the classic marksmanship positions before you start to worry about tactical application. As described in the last few editions of the American Sniper Association Sniper Utilization Survey police snipers have made successful shots against bad guys from the prone, sitting, kneeling and standing positions. It's hoped that you are reading this because you want to prepare ahead of time to attend a Snipercraft Basic or Advanced Sniper Course, because that's the intended audience of this handbook; however this text will help prepare you for any good police sniper school."--Provided by publisher.
