This intellectual portrait of Romain Rolland (1866-1944)--French novelist, musicologist, dramatist, and Nobel prizewinner in 1915--focuses on his experiments with political commitment against the backdrop of European history between the two world wars. Best known as a biographer of Beethoven and for his novel, *Jean-Christophe*, Rolland was one of those nonconforming writers who perceived a crisis of bourgeois society in Europe before the Great War, and who consciously worked to discredit and reshape

that society in the interwar period. Analyzing Rolland's itinerary of engaged stands, David James Fisher clarifies aspects of European cultural history and helps decipher the ambiguities at the heart of all forms of intellectual engagement. Moving from text to context, Fisher organizes the book around a series of debates--Rolland's public and private collisions over specific committed stands--introducing the reader to the polemical style of French intellectual discourse and offering insight into what it means to be a responsible intellectual. Fisher presents Rolland's private ruminations, extensive research, and reexamination of the function and style of the French man of letters. He observes that Rolland experimented with five styles of commitment: oceanic mysticism linked to progressive, democratic politics; free thinking linked to antiwar dissent; pacifism and, ultimately, Gandhism; antifacism

linked to anti-imperialism, antiracism, and all-out political resistance to fascism; and, most controversially, fellow traveling as a form of socialist humanism and the positive side of antifascism. Fisher views Rolland's engagement historically and critically, showing that engaged intellectuals of that time were neither naive propagandists nor dupes of political parties. David James Fisher makes a case for the committed writer and hopes to re-ignite the debate about commitment. For him, Romain Rolland sums up engagement in a striking, dialectical formula:

The aim of this manual is to help readers get the best from their vehicle. It provides information on routine maintenance and servicing and the tasks are described and photographed in a step-by-step sequence so that even a novice can do the work.

Bill Bryson notes, “English is a dazzlingly idiosyncratic tongue, full of quirks and irregularities that often seem willfully at odds with logic and common sense.” This dictionary is an essential guide to the wonderfully disordered thing that is the English language.

This compelling novel follows four women as they learn to balance children, estranged husbands, boyfriends, and problems at work through their faith in God. Michelle, Tonya, Mrs. Judson, and Miz Ida. African-American, white, rich, poor -- they seemingly have nothing in common. Yet every day they face the complex realities of twenty-first-century urban life as they try to balance their needs with their belief in God. Through the course of a year, these women must come to terms with the past, discover their true identities, and recognize the unexpected miracles that reveal God's all-

encompassing love. These four women entertain us and invite us to join in their lives. As they welcome us, they also introduce us to the men in their lives. The men play supporting roles, adding color and zest to the lives of the Cover Girls. Bishop Jakes knows the struggles real women encounter and the losses that make it difficult to face the future. He brings compassionate insight and deep wisdom to this novel and proves that he is not only a gifted preacher, but a born storyteller.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of
