Lexi Carmine has always hated the

**Genzan** invaders who she blames for the death of her father, and when three of them are sent to capture her she vows she will never yield to the alien brutes. Khrelan is surprised by the order to track down a seemingly random human female, but once Lexi is in custody he finds himself drawn to her. But are secrets being kept from them both?

Theirs to Tame. Theirs to Train. When the scheming of her father's political enemies makes it impossible to continue hiding the fact that she is an unauthorized third child, twenty-year-old Isabella Bedard is sent to a detainment facility in deep space where she will be prepared for her new life as an alien's bride. Her situation is made far worse after some ill-advised mischief forces the strict warden to

ensure that she is sold as quickly as possible, and before she knows it, Isabella is standing naked before two huge, roughly handsome alien men, helpless and utterly on display for their inspection. More disturbing still, the men make it clear that they are buying her not as a bride, but as a pet. Zack and Noah have made a career of taming even the most headstrong of females, and they waste no time in teaching their new pet that her absolute obedience will be expected and even the slightest defiance will earn her a painful, embarrassing bare-bottom spanking, along with far more humiliating punishments if her behavior makes it necessary. Over the coming weeks, Isabella is trained as a pony and as a kitten, and she learns what it means to fully surrender her body to the bold dominance of two

men who will not hesitate to claim her in any way they please. But though she cannot deny her helpless arousal at being so thoroughly mastered, can she truly allow herself to fall in love with men who keep her as a pet?

They've conquered Earth. She's next. I've lived in hiding since the Vakarrans arrived, helping my band of human survivors evade the aliens who now rule our world with an iron fist. But my luck ran out. Captured by four of their fiercest warriors, I know what comes next. They'll make an example of me, to show how even the most defiant

human can be broken, trained, and mastered. I promise myself that I'll prove them wrong, that I'll never yield, even when I'm stripped bare, publicly shamed, and used in the most humiliating way possible. But my body betrays me. My will to resist falters as these brutes share me between the four of them and I can't help but wonder if soon, they will conquer my heart... Publisher's Note: Conquered is a stand-alone novel which is the first book in the Vakarran Captives series. It includes spankings, sexual scenes, intense and humiliating punishments, and strong D/s themes. If such material offends you, please don't buy this book.

An enticing savior, an old love, and one deranged alien hell-bent on destroying it all. The seemingly endless war with the Grutex has caused many inconveniences for Amanda, but none of those have been as bad as losing the funding for the project she is working on that is supposed to help save humanity. When she foolishly risks her life to continue her research, Amanda is thrown into the path of an alien, the likes of which she has never seen who claims she is his mate. The problem is, he isn't the only one making that claim. As an ambassador for his people, Oshen is used to handling delicate situations, but he has never been in one quite so delicate as this. Instead of enlightening Earth's government

about the existence of Galactic Law and their right to seek aid, he finds himself face to face with the one being he's waited his whole life to find; his mate. But the little human is in trouble and he needs to convince her to leave Earth or he risks losing the most important thing he has ever had. Damned. Cursed. Gulzar has been called many things over the course of his life. Many in his tribe refuse to even look at him and who could blame them? The only light in his life has been his little goddess, the only being in the entire world who looks at him without judgment. When he gets a vision of her in distress, Gulzar knows he will do anything he can for the female he loves. This is an MMF romance that may contain any and all triggers. She surrenders herself to Gerhard, hoping to win mercy for her people, though she fears it will come at the cost of her life. But she soon learns that Gerhard has other plans for her, plans which may end with her surrendering much more than just her castle to him. The Knight's Seduction, by Renee Rose Avowed to never again yield to a man's ill-treatment, Lady Daisy stands ready to fight to the death when her castle is sacked. She will offer her body to him and accept the pleasurable torments he inflicts, but he will not claim her fully until she aches for it so badly she begs him. Certain she will do no such thing, Daisy agrees, but can she resist the knight's seduction? The Widow Is Mine, by Ashe Barker Since her husband's untimely passing, Lady Natalia has resigned herself to a quiet life as a young widow and perhaps one day as a nun.
