In this shocking exposé, investigative researcher and author S. K. Bain reveals the truth behind the mass-murdering psychopaths responsible for the events of September 11, 2001, and reconstructs the occult-driven script for this Global Luciferian MegaRitual. As Bain uncovers, the framework for the entire event was a psychological warfare campaign built upon a deadly foundation of black magick and high technology. The book details the sinister nature of the defining event of the 21st century and explains the vast scope of the machinery of oppression that has been constructed around us.

Chronologically documents news coverage of the September 11 Terrorist Attacks with first-person stories from over one hundred reporters and photographers.

From the left seat of a Boeing 767, American airline captain Philip Marshall exposes gaping holes in the official story of 911 which reveals the creators of the frightening, often-cited Post-911 World

It has, improbably, been called uncommonly lucid, even riveting by The New York Times, and it was a finalist for the 2004 National Book Awards nonfiction honor. It is a literally chilling read, especially in its minute-by-minute description of the events of the morning of 9/11 inside the Twin Towers. It is The 9/11 Commission Report, which was, before its publication, perhaps one of the most anticipated government reports of all time, and has been since an unlikely bestseller. The official statement by the National Commission on Terrorist Attacks Upon the United States which was instituted in late 2002 and chaired by former New Jersey Governor Thomas Kean—it details what went wrong on that day (such as intelligence failures), what went right (the heroic response of emergency services and self-organizing civilians), and how to avert similar future attacks. Highlighting evidence from the day, from airport surveillance footage of the terrorists to phone calls from the doomed flights, and offering details that have otherwise gone unheard, this is an astonishing firsthand document of contemporary history. While controversial in parts—it has been criticized for failing to include testimony from key individuals, and it completely omits any mention of the mysterious collapse of WTC 7—it is nevertheless an essential record of one of the most transformational events of modern times.

Oxford-educated historian Joseph P. Farrell really delivers in this latest addition to his best-selling book series on suppressed technology, Nazi survival and postwar hidden conflicts. His customary meticulous research and sharp analysis blow the lid off of a worldwide web of nefarious financial and technological control few people even suspect exists. Farrell delves into the creation of a breakaway civilization by the Nazis in South America and other parts of the world. He discusses the advanced technology that they took with them at the "end" of World War II and the psychological war that they waged for decades against America and NATO. He shows how the breakaway civilization has created a huge system of hidden finance with the involvement of the Vatican Bank (among others), and how NATO established a large covert warfare network and political slush fund. He investigates the secret space programs currently sponsored by the breakaway civilization and the current militaries in control of planet Earth. Farrell includes a fascinating discussion of "emulation" technologies (those that can manipulate acts of god/nature, like earthquakes and storms) from the standpoint of the culture of "full spectrum dominance" and the culture of "plausible deniability"—yes, there are plans for mass destruction that can never be traced back to their real source. Farrell also discusses the historical origin of the breakaway civilization with the continuing airship mystery; incredibly bold counterfeiting operations; and the nexus of spy satellites, nuclear weapons and UFOs. He includes plenty of astounding accounts, documents and speculation on the amazing alternative history of hidden conflicts, secret super-finance and technology.

Explores both the American and Arab sides of the September 11th terrorist attacks in an account of the people, ideas, events, and intelligence failures that led to the tragedies.

In this charming debut fantasy perfect for fans of Sorcery of Thorns and Girls of Paper and Fire, a witch cursed to never love meets a girl hiding her own dangerous magic, and the two strike a dangerous bargain to save their queendom. But after committing the worst magical sin, she's exiled by the ruling Coven and cursed with the inability to love. The only way she can get those feelings back—even for just a little while—is to steal love from others. Wren is a source—a rare kind of person who is made of magic, despite being unable to use it herself. Sources are required to train with the Coven as soon as they discover their abilities, but Wren—the only caretaker to her ailing father—has spent her life hiding her secret. When a magical plague ravages the queendom, Wren's father falls victim. To save him, Wren proposes a bargain: if Tamsin will help her catch the dark witch responsible for creating the plague, then Wren will give Tamsin her love for her father. Of course, love bargains are a tricky thing, and these two have a long, perilous journey ahead of them—that is, if they don't kill each other first.

A 2019 Goodreads Readers' Choice Finalist for Best History A Washington Post Notable Nonfiction Book of 2019 A New York Post Best Book of 2019 Now with a new afterword, Garrett M. Graff's instant New York Times bestseller *The Only Plane in the Sky*, is the comprehensive oral history of September 11, 2001 that has been called "history as its most immediate and moving" (Jon Meacham) and "remarkable ... a priceless civic gift" (The Wall Street Journal). Hailed as "remarkable...incredibly evocative and compelling" (The Washington Post) and "oral history at its finest" (Pittsburgh Post-Gazette), Garrett M. Graf's *The Only Plane in the Sky* is the most vivid and human portrait of the September 11 attacks yet, comprised of never-before-published transcripts, recently declassified documents, and original interviews and stories from nearly five hundred government officials, first responders, witnesses, survivors, friends, and family members. Here is a vivid, profound, and searing portrait of humanity on a day that changed the course of history, and all of our lives.
