Taxpayer Certainty and Tax Relief Act of 2020 (P.L. 116-260). This concise, yet comprehensive resource provides guidance for understanding and applying complex depreciation rules and limitations.

This publication explains how you can recover the cost of business or income-producing property through deductions for depreciation (for example, the special depreciation allowance and deductions under the Modified Accelerated Cost Recovery System (MACRS)). It also explains how you can elect to take a section 179 deduction, instead of depreciation deductions, for certain property and the additional rules for listed property.

The U.S. Master Depreciation Guide offers tax and accounting professionals who work with businesses a one-stop resource for guidance in understanding and applying the complex depreciation rules to their fixed assets. This area is especially challenging, because bits and pieces of applicable information must be gathered from a maze of Revenue Procedures, IRS Tables, and IRS Regulations. These sources are frequently old and include some materials that may no longer be applicable. The U.S. Master Depreciation Guide pulls the pieces together, so practitioners can make sense of all the corresponding information and put the information into practice.

Fixed Asset Accounting addresses the GAAP and IFRS accounting for all key fixed asset topics, including capital budgeting, interest capitalization, asset retirement obligations, depreciation, impairment, and disposal. The book delves into many other areas of interest to the accountant, including the record keeping, controls, policies and procedures, measurements, asset tracking, and auditing procedures related to fixed assets.
