A landmark new translation and edition Written almost two millennia ago, Patañjali's work focuses on how to attain the direct experience and realization of the purusa: the innermost individual self, or soul. As the classical treatise on the Hindu understanding of mind and consciousness and on the technique of meditation, it has exerted immense influence over the religious practices of Hinduism in India and, more recently, in the West. Edwin F. Bryant's translation is clear, direct, and exact. Each sutra is presented as

Sanskrit text, transliteration, and precise English translation, and is followed by Bryant's authoritative commentary, which is grounded in the classical understanding of yoga and conveys the meaning and depth of the sutras in a user-friendly manner for a Western readership without compromising scholarly rigor or traditional authenticity. In addition, Bryant presents insights drawn from the primary traditional commentaries on the sutras written over the last millennium and a half.

This dissertation also highlights principles of

Assimilation of universal laws is the first key to manhood. Sacrificing the ephemeral to the eternal is the final key. Sacrificing others is a crime against Nature, for sacrifice is always a voluntary, not an enforced, act. Sacrifice proper is unselfish love of humanity in person and in secret. Defiling the altars of gods with blood is worse than murder. Four Metaphysical and Philosophical Keys to Theosophy: 1. Parabrahman or Absoluteness is the One and Only Reality. 2. Compassion is enacted by the Intelligence of Nature and Her dual forces below. Deity is Unerring Karman or Abstract Nature: the Mind and Soul of the Universe. The One Eternal Life and Law, triple in its manifestation, is underpinned by the three Propositions of The Secret Doctrine. Each proposition is examined according to The Bhagavad-Gita, and in the light of Theosophy. Narada and Krishna speak with One Voice. Narada is the Deva Rishi of Occultism. understand the fundamentals of the religion itself. Most of the books which are available on Zen are superficial and fraught with caricatures and erroneous generalizations - concentrating more on meditation than on the real essence of Zen. Now the Christian who has been waiting for a clear and thorough explanation of Zen in terms he can understand has been provided with Zen Way—Jesus Way—a unique inside look at Christianity and Zen Buddhism by Dr. Tucker N. Callaway, a committed Christian missionary who for twenty years has practiced zazen in

Japanese temples in an effort to reach the heart of the faith. Calloway has a knack for making philosophical concepts clear to the general reader and begins Zen Way—Jesus Way by presenting the fundamental presuppositions of Zen and several of the concepts which are logically deduced from them. Next he relates some of his experiences in Buddhist temples, while explaining the practical applications of Zen philosophy. Finally he interprets the Jesus Way in a manner that makes possible a genuine comparison with the Zen way.

revolution in science, technology, and neuroscience has created difficulties for some practitioners of the world's great spiritual traditions. How can one remain true to their central teachings while also integrating those teachings into a new framework that is inclusive of ongoing discoveries? Taking the example of Buddhism to explore this key question, Ken Wilber offers insights that are relevant to all of the great traditions. He shows that traditional Buddhist teachings themselves suggest an ongoing evolution leading toward a more unified,

holistic, and interconnected spirituality. Touching on all of the key turning points in the history of Buddhism, Wilber describes the ways in which the tradition has been open to the continuing unfolding and expansion of its own teachings, and he suggests possible paths toward an ever more Integral approach. This work is a precursor to and condensed version of Wilber's *The Religion of Tomorrow*.

Since its founding by Jacques Waardenburg in 1971, Religion and Reason has been a leading forum for contributions on theories, theoretical issues and agendas related to the phenomenon and the study of religion. Topics include (among others) category formation, comparison, ethnophilosophy, hermeneutics, methodology, myth, phenomenology, philosophy of science, scientific atheism, structuralism, and theories of religion. From time to time the series publishes volumes that map the state of the art and the history of the discipline.
