Fit & Well gives students the knowledge and skills they need to make meaningful and lasting behavior change. The new edition combines proven science-based content and digital teaching and learning tools with the exciting introduction of LiveWell - an innovative online, multi-media program designed to help college students improve their exercise, eating, and stress management habits. Fit & Well motivates students through science - Fit & Well's respected text, which is available both in print and as an integrated multimedia eBook, provides the information students need to start their journey to fitness and wellness. Fit & Well's authoritative, science-based information is written by experts who work and teach in the field of exercise science, physical education, and health education. Fit & Well provides accurate, reliable, current information on key health and fitness topics while also addressing issues related to mind-body health, research, diversity, gender, and consumer health. Fit & Well motivates students through personal engagement - The Fit & Well learning system uses the online technologies and multimedia tools that have become an integral part of student's college experience. Fit & Well's engaging online tools enable students to personalize their learning and develop fitness programs and lifetime wellness plans. Hands-on activities include self-assessments and fitness labs, video on timely health topics such as tattooing and tanning beds, exercise demonstrations videos, a daily fitness and nutrition log, sample programs, and a wealth of behavior change tools and tips. Fit & Well builds research skills, critical thinking skills, and behavior change skills. Fit & Well motivates students through Connect and LearnSmart - Tied to core student learning outcomes and objectives, Connect Fit & Well is a web-based assignment and assessment platform that promotes active learning and provides tools that enable instructors to teach the course more efficiently and effectively. An integrated multimedia eBook, the unparalleled LearnSmart adaptive assessment program, and a wealth of other online activities, assessments, and behavior change tools engage students using technologies that most students use on a daily basis. Using Connect, instructors can easily assign pre-loaded activities, create and edit assignments, produce video lectures, upload their own articles or videos, cascade assignments and produce reports for one or many course sections. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Fahey's Fit and Well is the best-selling Fitness/Wellness textbook series in the higher education market, know for its accuracy, labs, and rigor. The 9th edition of Fit and Well will be available with the Connect online learning management system, featuring assignable labs, videos, Internet exercises, pre and post tests, an interactive eBook, and more. Teaching the Fitness/Wellness class in a hybrid or online format has never been easier. Fahey's Fit and Well is designed to motivate students to take their health seriously. It helps them understand why they should make healthy choices and how they can change unhealthy patterns. And it gives them the tools to do it. Fit and Well motivates students through science - Fit and Well provides the information students need to start their journey to fitness and wellness not the random, unreliable information found on the Internet but authoritative, science-based information from experts who work and teach in the field. Fit and Well motivates students through personal engagement - Fit and Well provides the foundation and the resources students need to create personalized fitness programs, including exercise guidelines, self-assessments, lab activities, descriptions and illustrations of exercises, sample programs, and a wealth of behavior change tools and tips. Fit and Well motivates students through Connect Fit and Well - McGraw-Hill's Connect, a new web-based assignment and assessment platform, connects students with their coursework and with their instructors.

Fit & Well gives students the knowledge and skills to make meaningful and lasting behavior changes. The most trusted and proven science-based content in a new edition and digital teaching and learning tools help college students improve their exercise, eating, and stress management habits. Fit & Well motivates students through science: Fit & Well's respected text, which is available both in print and as an integrated Connect platform, provides the information students need to start their journey to fitness and wellness. Fit & Well's authoritative, science-based information is written by experts who work and teach in the field of exercise science, physical education, and health education. Fit & Well provides accurate, reliable, current information on key health and fitness topics while also addressing issues related to mind-body health, research, diversity, gender, and consumer health. Fit & Well motivates students through personal engagement: Fit & Well's engaging online tools enable students to personalize their learning and develop fitness programs and lifetime wellness plans. Hands-on activities include self-assessments and fitness labs, video on timely health topics such as tattooing and tanning beds, exercise demonstrations videos, a daily fitness and nutrition log, sample programs, and a wealth of behavior change tools and tips. Fit & Well builds research skills, critical thinking skills, and behavior change skills. Fit & Well motivates students through Connect and LearnSmart: The digital teaching and learning tools within Connect are built on the solid foundation of Fit & Well's authoritative, science-based content. Fit & Well is written by experts who work and teach in the fields of exercise science, physical education, and health education. Fit & Well provides accurate, reliable current information on key health and fitness topics while also addressing issues related to mind-body health, diversity, research, and consumer health. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Your diet and nutritional goals are within reach with NUTRITION NOW, 8th Edition! Whether you want to understand how food impacts your health, track your diet, or lose weight, NUTRITION NOW can help you make better, healthy choices for a lifetime. Written in a reader-friendly style, chapters walk you through the fundamentals of nutrition, including diet planning, the macronutrients, vitamins and minerals, exercise, pregnancy and lactation, global issues, and much more. NUTRITION NOW also organizes content into manageable units to help you focus on what matters most while applying those concepts to your own life. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

When sixteen-year-old Rashad is mistakenly accused of stealing, classmate Quinn witnesses his brutal beating at the hands of a police officer who happens to be the older brother of his best friend. Told through Rashad and Quinn's alternating viewpoints.

Fit & Well gives students the knowledge and skills to make meaningful and lasting behavior changes. The most trusted and proven science-based content in a new edition and digital teaching and learning tools help college students improve their exercise, eating, and stress management habits. Fit & Well is written by experts who work and teach in the fields of exercise science, physical education, and health education. Fit & Well provides accurate, reliable current information on key health and fitness topics while also addressing issues related to mind-body health, diversity, research, and consumer health. UPDATES INFORMED BY STUDENT DATA Changes to the 14th edition reflect new research findings, updated statistics, and current hot topics that impact students' fitness and wellness behaviors. Revisions were also guided by student performance data collected anonymously from the tens of thousands of students who have used SmartBook with Fit & Well. Because virtually every text paragraph is tied to several questions that students answer while using SmartBook, the specific concepts that students are having the most difficulty with can be pinpointed through empirical data. Fit & Well motivates students through Connect and LearnSmart: The digital teaching and learning tools within Connect are built on the solid foundation of Fit & Well's authoritative, science-based content. Fit & Well is written by experts who work and teach in the fields of exercise science, physical education, and health education. Fit & Well provides accurate, reliable current information on key health and fitness topics while also addressing issues related to mind-body health, diversity, research, and consumer health. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

An ethologist shows man to be a gene machine whose world is one of savage competition and deceit

Insel and Roth, Core Concepts in Health pioneered the concept of personal responsibility for health and individual behavior change back in 1976. Now in its 11th edition, it is still the market leader and is known for its scientific research base and its currency, comprehensiveness, and accuracy.
