#FMJ outlines the trading biographies of some successful female day traders of the world, who started from scratch and today live financially independent lives working only a couple hours a day! Evoking the interview style of Market Wizards by Jack Schwager, and Momo Traders by Brady Dahl; and like in Rich Dad Poor Dad by Robert Kiyosaki - it's time to make your money work for you. Take control of your financial future and say goodbye to making others rich through the example of these pioneering women who pronounced F\$%K my job, and chose not to sit in traffic or a stuffy office cubicle. Reviews by peers in the industry: "We need many more female traders so this book was a great way of helping them understand trading better and more importantly, we need more traders sharing ALL their experiences just like this so people can better understand there's no one magic formula for success, you must try various strategies and techniques to see what fits you best...Jane does a great job interviewing traders with a variety of backgrounds and it was a fun, quick read too!" - Timothy Sykes, <http://timothysykes.com> "Jane does a great job of providing the modern, humanized perspective of the individual investors in the hunt and what experiences lead to positive outcomes...Enjoy the book and see who you relate to and how their lessons can help you on your way to winning in the stock market." - Dan Mirkin, CEO of Trade Ideas, LLC "Great story of a segment of the trading community we often look past. Amazing collection of interviews by an aspiring group of traders." - Kunal Desai, President Bulls on Wall Street

Welcome to the world of Martin "Buzzy" Schwartz, Champion Trader--the man whose nerves of steel and killer instinct in the canyons of Wall Street earned him the well-deserved name "Pit Bull." This is the true story of how Schwartz became the best of the best, of the people and places he discovered along the way and of the trader's tricks and techniques he used to make his millions.

Annotation. Successful management buyouts (MBOs) are the pinnacle of business success today and a great way to earn an ever-increasing stake in the American dream. Buyout provides managers and executives with the necessary tools and strategies for leading a company or division buyout. It explores the details of the entire buyout process and empowers managers to seize their destiny and take charge. Managers learn how to: -- Find a company to purchase -- Develop a business plan -- Negotiate with the seller -- Win the "ground war" of due diligence -- Find equity partners and negotiate your management deal with investors -- Run the company after the MBO. Buyout offers real life stories of people who actually pulled off out-of-this-world deals and became rich beyond their wildest expectations.

Accelerated Aging: Photochemical and Thermal Aspects represents the culmination of more than 40 years of research by noted scientist Robert L. Feller. The book focuses on the long-term performance of materials such as wool, dyes, and organic compounds; their resistance to change when exposed to environmental factors such as oxygen, ozone, moisture, heat, and light; and their physical durability with handling and use over time. Processes of deterioration are discussed based on speeded-up laboratory studies designed to clarify the chemical reactions involved and their physical consequences.

now make a great living--some even becoming rich. They weren't given a leg up, they didn't start with millions, and they don't manage billion-dollar hedge funds. They battle the market day in and day out just like you--and win! Hear in their own words, how they got started, what strategies they employ, how they deal with losing streaks, what setups are most profitable, how they overcome blowups, what tools they use, how they enter trades, how they exit trades, how they manage risk, how they maintain success, and much, much more. From the swing-set builder trading with credit card advances to the penny-stock trader outwitting market makers to the accountant funding trading accounts with cash his employer gave him to pay for his MBA, these Momo Traders have figured out what it takes to beat the market. Foreword by Brett Steenbarger, Trading Psychologist and Author of The Daily Trading Coach. Interviews with Gregg Sciabica, Eric Wood, Derrick Leon, Phil Goedeker, Bao Nguyen, John Welsh, Tim Grittani, Tom O'Reilly, Nathan Michaud, Michele Koenig

This publication, prepared jointly by the WHO, the World Meteorological Organization and the United Nations Environment Programme, considers the public health challenges arising from global climate change and options for policy responses, with particular focus on the health sector. Aspects discussed include: an overview of historical developments and recent scientific assessments; weather and climate change; population vulnerability and the adaptive capacity of public health systems; the IPCC Third Assessment report; tasks for public health scientists; the health impacts of climate extremes; climate change, infectious diseases and the level of disease burdens; ozone depletion, ultraviolet radiation and health; and methodological issues in monitoring health effects of climate change.

This book constitutes the refereed proceedings of the second International Conference on Biomimetic and Biohybrid Systems, Living Machines 2013, held in London, UK, in July/August 2013. The 65 revised full papers presented were carefully reviewed and selected from various submissions. The papers are targeted at the intersection of research on novel live-like technologies inspired by scientific investigation of biological systems, biomimetics, and research that seeks to interface biological and artificial systems to create biohybrid systems
