The Honda Z-Series refers to the lineage of mini bikes manufactured by Honda Motorcycles. Though Honda's official model designations are typically Z50A, Z50J, Z50M, Z50R and ZB50, they are more commonly referred to as the "Monkey" or "Gorilla" because of the way people are said to look when riding one of such bikes.

Honda Z50A The Honda Z50A is a motorcycle
produced by Honda from 1968 to 1978. The Z50A
was the second generation of Honda Z-series
mini bikes. Though its predecessor, the Z50M,
was available in Europe, Japan and Canada a
few years previous.

The best-selling Honda ever, the long-running
Honda Mini Trail, was available in a huge
range of models, even within each model year.
The Honda Mini Trail Enthusiast's Guide covers
all Honda Mini Trails and Z50 bikes produced
between 1968 and 1999. Author Jeremy Polson
begins with a brief introduction of the
models that led up to the Mini Trail, and
then jumps into a thorough analysis of the
many models and iterations that Honda has
offered through the years. Despite the
worldwide popularity of Honda's best-selling
model, no other Mini Trail book had been
published, and the accuracy of information
found on the Internet is suspect at best. For
Z50 collectors and enthusiasts, this book
presents facts and figures found nowhere
else. In addition to the hard facts regarding
each model of each year, this book is filled
with many rare photos that track the

When Amelia Earhart disappeared over the Pacific in 1937, she was at the height of her fame. Fascination with Earhart remains just as strong today, as her mysterious disappearance continues to inspire speculation. In this nuanced and often surprising biography, acclaimed aviation historian Kathleen C. Winters moves beyond the caricature of the spunky, precocious pilot to offer a more complex portrait. Drawing on a wealth of contemporary accounts, airline records, and other original research, this book reveals a flawed heroine who was frequently reckless and lacked basic navigation skills, but who was also a canny manipulator of mass media. Winters details how Earhart and her husband, publisher George Putnam, worked to establish her as an international icon, even as other spectacular
