The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.

When Peter Russell finally meets the woman of his dreams he falls as madly in love as you can on a flight from New York to LA. Her name is Holly. She's achingly pretty with strawberry-blonde hair, and reads Thomas Mann for pleasure. She gives Peter her phone number on a page of The Magic Mountain, but in his room that night Peter finds the page is inexplicably, impossibly, enragingly...gone. So begins the immensely entertaining story of Peter and his unrequited love for his best friend's girl; of Charlotte and her less-than-perfect marriage to a man in love with someone else; of Jonathan and his wicked and fateful debauchery; and of Holly, the impetus for it all. Along the way, there's the evil boss, the desirable temptress, miscommunications, misrepresentations, fiendish behavior, letters gone astray, and ultimately, an ending in which every character gets his due. Both incisive and wonderfully funny, this is a brilliantly understated comedy of manners in which love lost is found again. "James Collins has written a romantic, funny and insightful page turner about love in modern times, missed opportunities and the wheel of fate (with a blow-out!) that is so engaging and real, you will find it impossible to put down. Peter Russell is an everyman filled with longing, lust and good sense. I promise you will root for him as fate throws him curves aplenty on his path to true love. Beginner's Greek and Peter Russell are keepers." -Adriana Trigiani, bestselling author of Lucia, Lucia and Big Stone Gap

An iconic image has a tremendous ability to influence society, acting as a symbol for a moment in time and as a harbinger for change. Instantly recognizable, it can become invested with our hopes and dreams. Creating such work is not mere happenstance, but is thanks to the deliberate choices and ground-breaking talents of a small handful of visionary artists. John Van Hamersveld is one such creator, having produced such timeless images as the Endless Summer movie poster and the Jimi Hendrix Pinnacle poster.
