Kennedy is one of the most powerful voices in legal circles in Britain today. Here she roundly challenges the record of modern governments over the fundamental values of equality, fairness and respect for human dignity. She argues that in the last twenty years we have seen a steady erosion of civil liberties,

Download Free Just Law

culminating today in extraordinary legislation, which undermines long established freedoms.

Are these moves a crude political response to demands for law and order? Or is the relationship between citizens and the state being covertly reframed and redefined?

The central question in political philosophy is whether political states have the right to coerce their constituents and whether citizens have a moral duty to obey the commands of their state. In this 2005 book, Christopher Heath Wellman and A. John Simmons defend opposing answers to this question. Wellman

Download Free Just Law

bases his argument on samaritan obligations to perform easy rescues, arguing that each of us has a moral duty to obey the law as his or her fair share of the communal samaritan chore of rescuing our compatriots from the perils of the state of nature. Simmons counters that this, and all other attempts to

Download Free Just Law

explain our duty to obey the law, fail. He defends a position of philosophical anarchism, the view that no existing state is legitimate and that there is no strong moral presumption in favor of obedience to, or compliance with, any existing state.

Romans: the apostle

liberties. Western leaders have increasingly used spies to execute missions unsuitable to the military. These operations, which often result in the contravening of international law and previously held norms of acceptable moral behavior, raise critical ethical questions

Download Free Just Law

spying limited by moral considerations? If so, what are they and how are they determined? Cole argues that spying is an act of force that may be a justifiable means to secure order and justice among political communities. He explores how the just war moral tradition, with its roots in Christian moral

Download Free Just Law

theology and Western moral philosophy, history, custom and law might help us come to grips with the moral problems of spying. This book will appeal to anyone interested in applied religious ethics, moral theology and philosophy, political philosophy, international law, international relations,

Download Free Just Law

military intellectual history, the War on Terror, and Christian theological politics.

Ancient philosophy is no longer an isolated discipline. Recent years have seen the development of a dialogue between ancient and

Download Free Just Law

contemporary philosophers writing on central issues in moral and political philosophy. The renewed interest in character and virtue as ethical concepts is one such issue, yet Plato's contribution has been largely neglected in contemporary virtue ethics. In *Plato on Virtue and the Law*, Sandrine Berges seeks

Download Free Just Law

to address this gap in the literature by exploring the contribution that virtue ethics make to the understanding of laws alongside the interesting and plausible insights into current philosophical concerns evident in Plato's dialogues. The book argues that a distinctive virtue theory of law is clearly presented in

Download Free Just Law

Plato's political dialogues. Through a new reading of the Crito, Menexenus, Gorgias, Republic, Statesman and Laws, Berges shows how Plato proposes several ways in which we can understand the law from the perspective of virtue ethics.

Violations of

Page 44/46

Download Free Just Law

international law and human rights laws are the plague of the twentieth and twenty-first centuries. Violence and the flagrant violation of human rights have a naturally dramatic effect that inspires writers, film makers, artists, philosophers, historians, and legal scholars to represent these horrors
