In a blue-collar Boston neighbourhood a planned robbery takes place. The men wear masks. Their guns are drawn on the pretty bank manager, Claire Keesey, who nervously recites the alarm code, and the tumblers within the huge vault fall. The timing and execution are brilliant. It could be the perfect job. A huge sum of cash is stolen, but so too is one man's heart, as Doug MacRay, the brains behind the tough, tight-knit crew of thieves, falls for Claire. But she has another admirer- FBI agent Adam Frawley, who is beginning to zero in on the gang, and for Doug, pursuing Claire may be his most dangerous act of all.

From the author of *The Strain* comes a tense, psychologically gripping, Hammet award-winning thriller. Four masked men—thieves, rivals, and friends from the tough streets of Charlestown—take on a Boston bank at gunpoint. Holding bank manager Claire Keesey hostage and cleaning out the vault were simple. But career criminal Doug MacRay didn't plan on one thing: falling hard for Claire. When he tracks her down without his mask and gun, their mutual attraction is undeniable. With a tenacious FBI agent following his every move, he imagines a life away from his gritty, dangerous work—a life centered around Claire. But before that can happen, Doug and his crew learn that there may be a way to rob Boston's venerable baseball stadium, Fenway Park. Risky yet utterly irresistible, it would be the perfect heist to end his criminal career and begin a new life. But, as it turns out, pursuing Claire may be the most dangerous act of all. Racing to an explosive climax, *Prince of Thieves* is a brash tale of robbery in all its forms—and an unforgettable odyssey of crime, love, ambition, and dreams.

The magnificent, if monstrously warped brainchild of cinematic horror master Guillermo del Toro (Pan’s Labyrinth, Hellboy) and Chuck Hogan—whose novel Prince of Thieves, was praised as, “one of the 10 best books of the year” by Stephen King—The Night Eternal begins where The Strain and The Fall left off: with the last remnants of humankind enslaved by the vampire masters in a world forever shrouded by nuclear winter. Still, a small band of the living fights on in the shadows, in the final book of the ingenious dark fantasy trilogy that Newsweek says is, “good enough to make us

In one week, Manhattan will be gone. In one month, the country. In two months . . . the world. At New York's JFK Airport an arriving Boeing 777 taxiing along a runway suddenly stops dead. All the shades have been drawn, all communication channels have mysteriously gone quiet. Dr. Eph Goodweather, head of a CDC rapid-response team investigating biological threats, boards the darkened plane . . . and what he finds makes his blood run cold. A terrifying contagion has come to the unsuspecting city, an unstoppable plague that will spread like an all-consuming wildfire—lethal, merciless, hungry . . . vampiric. And in a pawnshop in Spanish Harlem an aged Holocaust survivor knows that the war he has been dreading his entire life is finally here . . .

A horrific crime that defies explanation, a rookie FBI agent in uncharted territory, and an extraordinary hero for the ages: an investigation spirals out of control in this heart-pounding thriller. Odessa Hardwicke's life is derailed when she's forced to turn her gun on her partner, Walt Leppo, a decorated FBI agent who turns suddenly, inexplicably violent while apprehending a rampaging murderer. The shooting, justified by self-defense, shakes the young FBI agent to her core. Devastated, Odessa is placed on desk leave pending a full investigation. But what most troubles Odessa isn't the tragedy itself -- it's the shadowy presence she thought she saw fleeing the deceased agent's body after his death. Questioning her future with the FBI and her sanity, Hardwicke accepts a low-level assignment to clear out the belongings of a retired agent in the New York office. What she finds there will put her on the trail of a mysterious figure named Hugo Blackwood, a man of enormous means who claims to have been alive for centuries, and who is either an unhinged lunatic, or humanity's best and only defense against
