Boasting one of the largest gay scenes in Scotland, Edinburgh is a vibrant city rich in history, culture and attractions not to be missed. If you're looking to have a fun time, good food and cool cocktails, the city's best LGBTQ friendly bars, restaurants and clubs can be found in an area of central Edinburgh, known as the Pink Triangle.

Scotland 2020: Best of Scotland Tourism - Tripadvisor

Scotland's most famous glen combines those two essential qualities of the Highlands landscape: dramatic scenery and deep history. The peace and beauty of this valley today belie the fact that it was the scene of a ruthless 17th-century massacre, when the local MacDonalds were murdered by soldiers of the Campbell clan.

Scotland - BBC News

1 in 130 people in Scotland had the coronavirus (COVID-19) (95% credible interval: 1 in 165 to 1 in 100). this equates to around 40,900 people (95% credible interval: 31,500 to 51,800) Since the start of the outbreak: A total of 1,245,059 people in Scotland have been tested at least once. Of these people:

From Treasure Island to Trainspotting, Scotland's rich literary tradition has influenced writing across centuries and cultures far beyond its borders. Here, for the first time, is a single volume presenting the glories of fifteen centuries of Scottish literature. In Scotland's Books the much loved poet Robert Crawford tells the story of Scottish imaginative writing and its relationship to the country's history. Stretching from the medieval masterpieces of St. Columba's Iona - the earliest surviving Scottish work - to the energetic world of twenty-first-century writing by authors such as Ali Smith and James Kelman, this outstanding account traces the development of literature in Scotland and explores the cultural, linguistic and literary heritage of the nation. It includes extracts from the writing discussed to give a flavor of the original work, and its new research ranges from specially made translations of ancient poems to previously unpublished material from the Scottish Enlightenment and interviews with living writers. Informative and readable, this is the definitive single-volume guide to the marvelous legacy of Scottish literature.

A vivid, comprehensive history of Scotland ranges from its earliest Stone Age settlers, through the influence of the many invaders--Romans, Picts, Vikings, and the English--on the country, to recent movements to promote Scottish independence from Britain, documenting the political, cultural, economic, and other forces that have shaped the nation. Reprint.

NEW YORK TIMES BESTSELLER * "One of the best golf books this century." –Golf Digest Tom Coyne's A Course Called Scotland is a heartfelt and humorous celebration of his quest to play golf on every links course in Scotland, the birthplace of the game he loves. For much of his adult life, bestselling author Tom Coyne has been chasing a golf ball around the globe. When he was in college, studying abroad

Read Free Scotland

in London, he entered the lottery for a prized tee time in Scotland, grabbing his clubs and jumping the train to St. Andrews as his friends partied in Amsterdam; later, he golfed the entirety of Ireland's coastline, chased pros through the mini-tours, and attended grueling Qualifying Schools in Australia, Canada, and Latin America. Yet, as he watched the greats compete, he felt something was missing. Then one day a friend suggested he attempt to play every links course in Scotland and qualify for the greatest championship in golf. The result is *A Course Called Scotland*, "a fast-moving, insightful, often funny travelogue encompassing the width of much of the British Isles" (GolfWeek), including St. Andrews, Turnberry, Dornoch, Prestwick, Troon, and Carnoustie. With his signature blend of storytelling, humor, history, and insight, Coyne weaves together his "witty and charming" (Publishers Weekly) journey to more than 100 legendary courses in Scotland with compelling threads of golf history and insights into the contemporary home of golf. As he journeys Scotland in search of the game's secrets, he discovers new and old friends, rediscovers the peace and power of the sport, and, most importantly, reaffirms the ultimate connection between the game and the soul. It is "a must-read" (Golf Advisor) rollicking love letter to Scotland and golf as no one has attempted it before.

"It s beautifully presented, the text is light and informative, and the print quality of the book is top-notch."

The dramatic story of Scotland - by charismatic television historian, Neil Oliver. Scotland is one of the oldest countries in the world with a vivid and diverse past. Yet the stories and figures that dominate Scottish history - tales of failure, submission, thwarted ambition and tragedy - often badly serve this great nation, overshadowing the rich tapestry of her intricate past. Historian Neil Oliver presents a compelling new portrait of Scottish history, peppered with action, high drama and centuries of turbulence that have helped to shape modern Scotland. Along the way, he takes in iconic landmarks and historic architecture; debunks myths surrounding Scotland's famous sons; recalls forgotten battles; charts the growth of patriotism; and explores recent political developments, capturing Scotland's sense of identity and celebrating her place in the wider world.

This is a full-scale study of prices in medieval Scotland, c. 1260-1542, which includes detailed discussions of coinage, and weights and measures. Nearly 6000 prices are listed individually, average prices are calculated for each commodity, and for groups of commodities such as cereals and livestock. Scots prices are compared with English, and the significance of the data for the economic history of medieval Scotland is analyzed fully. This is the only full study to have been undertaken on Scots medieval prices, and there is no comparable work on Scottish medieval economic history in print.

Forget hurrying. Forget putting your foot down and racing through sweeping bends. Forget the understeer (whatever that is). Forget the blur of a life lived too fast. This is a look at taking life slowly. It's about taking the time to enjoy journeys and places for their own sake. It's about stopping and putting the kettle on. Stopping to take a picture. Stopping to enjoy stopping. How are you going to do it? In a camper van or a motorhome, of course. In this book we define the best driving routes around Scotland for camper vans and motorhomes. We show you the coolest places to stay, what to see, what to do and explain why it's special. We meander around the highlands, lowlands and islands of Scotland on the most breathtaking roads, chugging up mountain passes and pootling along the coast. We show you stuff that's fun, often free. We include the best drives for different kinds of drivers; for surfers, wildlife watchers, climbers and walkers. We include the steepest, the bendiest, those with the most interesting bridges or views or obstacles, ferries and tidal causeways. And you don't even have to own a camper van or motorhome – we'll tell you the many places you can rent one to take you on the journey. All of this is interspersed with beautiful photos, handy maps and quirky travel writing from the king of camper vans and motorhomes, Martin Dorey. So if all you want to do is flick through it on a cold day and plan your next outing, you'll be transported (albeit slowly) to pastures, beaches, mountains and highways that make you want to turn the key and go, go, go! We'll take you to see Scotland the slow way. The way it should be seen.

From the death of James III to the execution of Mary, Queen of Scots, Jane Dawson tells story of Scotland from the perspective of its regions and of individual Scots, as well as incorporating the view from the royal court. Scotland Re-formed shows how the country was re-formed as the relationship between church and crown changed, with these two institutions converging, merging and diverging, thereby permanently altering the nature of Scottish governance. Society was also transformed, especially by the feuars, new landholders who became the backbone of rural Scotland. The Reformation Crisis of 1559-60 brought the establishment of a Protestant Kirk, an institution influencing the lives of Scots for many centuries, and a diplomatic revolution that discarded the 'auld alliance' and locked Scotland's future into the British Isles. Although the disappearance of the pre-Reformation church left a patronage deficit with disastrous effects for Scottish music and art, new forms of cultural expression arose that
