Adventure, conspiracy and shapeshifting - X-Men meets Alex Rider. Dax Jones is an ordinary schoolboy . . . until something extraordinary happens. Whilst frightened for his life, he inexplicably changes into a fox! He is offered a place at a secret government school where he can develop, and learn to control, his powers. But if Dax accepts, on no account can he tell anybody. Dax jumps at the chance of getting away from his unhappy home. But before long he begins to wonder who exactly is behind the school, and what they want from the pupils there. Suddenly Dax's fox senses are on high alert . . .

An excellent, comprehensive clinical reference thoughtfully revised to address new challenges facing emergency nurses, emergency medical technicians and paramedics. **MANUAL OF EMERGENCY CARE** details the basic principles of emergency care; includes up-to-the-minute advances in emergency care, medical, trauma, and special case emergencies; contains four entirely new chapters devoted to patient education, allergies, forensic nursing and legal issues; and offers thoroughly revised, more detailed chapters on sexual assault, wound care, and domestic violence. * Includes complete, up-to-date and practical information for clinical practitioners and nursing students. * Presents a team approach to problem solving, reflecting actual practices in emergency departments. * Covers assessment parameters, diagnostic tests, therapeutic interventions and other information pertinent to disorders and conditions
NEW TO THIS EDITION: * Includes new chapter on forensic nursing thoroughly explaining the role of forensic nurses and the collection of forensic data. * Offers a new chapter on patient and family education, stressing the growing importance of providing supports to help patients and their families continue recovery once they leave emergency care. * Presents basic legal issues for emergency nurses in a new chapter addressing hot legal topics including legal consent, proper treatment of psychiatric patients, appropriate handling of forensic issues, and terms of the Emergency Medical Treatment and Active Labor Act (EMTALA). * Provides a new chapter on allergies with detailed descriptions of reactions and the associated signs and symptoms, interventions, diagnostic tests, latex allergies, and patient education and support. * Contains an updated, extensively detailed chapter on sexual assault listing proper procedures for collecting, securing and transferring evidence, following up, documenting the assault and testifying in court, all in a bulleted, easy-to-follow format. * Offers newly revised wound management chapter with more detailed definitions and descriptions of wounds and wound care. * Includes separate chapters on intravenous therapy and laboratory specimens. New chapter providing specialty information about forensic nursing (Chapter 40) thoroughly explains the role forensic nursing plays; situations calling for collection of forensic data; how to take forensic photography; how to collect, track, and document physical evidence appropriately; and treatment of and concerns surrounding special situations (e.g., gun shot wounds, stab wounds, suicides/accidents). A new chapter about patient and family education (Chapter 3) stresses the

growing importance of providing the patient and family with the information they need as they continue through the healing process. This chapter helps emergency personnel identify learning needs, assess the learner, establish learning goals, select and use appropriate teaching methods, evaluate the effectiveness, and document. Examples of discharge instructions for common ailments (e.g., nosebleed, wound care/burn care, sore throat/cold) are also included. New chapter on basic legal issues for emergency nurses (Chapter 8) addresses yet another hot topic by describing terms for legal consent (e.g., patient age, patient competency, reportable conditions/situations), proper treatment of psychiatric patients, appropriate handling of forensic issues, and terms of the Emergency Medical Treatment and Active Labor Act (EMTALA). A new chapter about allergies (Chapter 20) clearly and completely gives information about allergic reactions by providing definitions, describing types of reactions and the associated signs and symptoms and therapeutic interventions, listing diagnostic tests for allergies, explaining latex allergy, and giving information about education and support. Radically revised chapter on sexual assault (Chapter 31) that gives more in depth details about sexual assauRevision of wound management chapter (Chapter 21) to include more complete definitions and descriptions of wounds and wound care. Individual chapters for intravenous therapy (Chapter 6) and laboratory specimens (Chapter 7) to provide more specific and complete coverage of these important topics.

Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself. Don't pay to promote, publicize, and market your book. The quickest ways to get free publicity for your book are to work at a writing camp (a boot camp for creative writing) and query a magazine editor to ask whether you can get a go-ahead to write an article titled, "How to Write a Syllabus for Teaching a Course In _____. (Fill in the topic of your how-to book). Use your credibility and experience to sell your books. Give three reasons why people should take you seriously and trust your credibility, commitment, and stability. Show honesty and charisma in your writing. Motivate readers by examples. Being serious and convincing, even in comedy, 'brands' your reputation with a familiar symbol, proverb, or slogan related to your skills, life experience, or expertise. Showing readers how to teach a skill or craft quickly attracts the attention of magazine and newspaper Editors. Write articles where you can mention your book. Ask "how-to" or research-based publications' editors whether you can write an article on how to solve a problem for readers of the particular specialty of the magazine. Free publicity is abundant when you solve problems or train groups with similar interests. Offer expertise in
