they work, their pros and cons, their relationship with stocks, and how to use them to gain leverage, generate extra income, and protect against adverse price movements.

"Guy Cohen is the master when it comes to taming the complexities of options. From buying calls and puts to iron butterflies and condors, Guy explains these strategies in a clear and concise manner that options traders of any level can understand. His chapter on options and taxes is especially welcomed (and needed). The Bible of Options Strategies is a straightforward, easy-to-use reference work

evaluations to create strategies that, given a trader's assessment of market conditions and trends, have the greatest chance of success. Option trading is both a science and an art. This book shows how to apply both to maximum effect.

In this book, a hedge fund manager and an option trading coach show you how to earn steady, reliable income selling options by managing your option trades and running your option portfolio as a real business with consistent, steady returns. Packed with real-world examples, the authors show you how to

And Everyone In Between

manage your own “one man” hedge fund and make consistent profits from selling options by applying the basic framework and fundamental business model and principles of an “insurance company”. This framework helps you to apply your option trading strategy to a solid, predictable, business model with consistent returns. For someone who has some knowledge of trading options and wants to become a consistent income earner. The authors provide a complete “operations manual” for setting up your business. Gain pearls of wisdom from both a professional options trader and coach, and from a hedge
