Stefan Zweig's masterpiece revisited.

I had never heard of Zweig until six or seven years ago, as all the books began to come back into print, and I more or less by chance bought a copy of Beware of Pity. I immediately loved this book, his one, big, great novel-and suddenly there were dozens more in front of me waiting to read.' Wes Anderson The Society of the Crossed Keys contains Wes Anderson's selections from the writings of the great Austrian author Stefan Zweig, whose life and work inspired The Grand Budapest Hotel . A CONVERSATION WITH WES ANDERSON Wes Anderson discusses Zweig's life and work with Zweig biographer George Prochnik. THE WORLD OF YESTERDAY Selected extracts from Zweig's memoir, The World of Yesterday, an unrivalled evocation of bygone Europe. BEWARE OF PITY An extract from Zweig's only novel, a devastating depictionof the torment of the betrayal of both honour and love. TWENTY-FOUR HOURS IN THE LIFE OF A WOMAN One of Stefan Zweig's best-loved stories in full-a passionate tale of gambling, love and death, played out against the stylish backdrop of the French Riviera in the 1920s. 'The World of Yesterday is one of the greatest memoirs of the twentieth century, as perfect in its evocation of the world Zweig loved, as it is in its portrayal of how that world was destroyed.' -- David Hare 'Beware of Pity is the most exciting book I have ever read...a feverish, fascinating novel' -- Antony Beevor 'One of the joys of recent years is the translation into English of Stefan Zweig's stories.'--Edmund de Waal, author of The Hare with the Amber Eyes Stefan Zweig was born in 1881 in Vienna. He studied in Berlin and Vienna and, between the wars was an international bestselling author. With the rise of Nazism, he left Austria, and lived in London, Bath, New York and Brazil, where in 1942 he and his wife were found dead in an apparent double suicide. Wes Anderson's films include Bottle Rocket, Rushmore, The Royal Tenenbaums, The Life Aquatic, The Darjeeling Limited, Fantastic Mr Fox, and Moonrise Kingdom. He directed and wrote the screenplay for The Grand Budapest Hotel.

Moonrise Kingdom is set in 1965 on an island off the coast of New England. It's the end of the summer and the seasonal hurricanes loom on the horizon. Set against this background is a romance between two twelve-year-olds: Lucy Bishop, (who lives on the island with her parents [Bill Murray and Frances McDormand] and three younger brothers) and Sam (an orphan who is camping on the island with the Khaki Scout troop). Lucy and Sam hatch a secret plan to run away, and undertake a perilous journey through the woods and across the streams that criss-cross the island, to an isolated cove, where they set up their kingdom. They are pursued by the local sheriff (Bruce Willis) and the scout troop leader Scout Master Ward (Edward Norton). The follies of youth are matched by the compromises of age, and as the conflict between the generations escalates, the hurricane breaks upon the island putting all the characters at risk...

(Book), The Grand Budapest Hotel recounts the adventures of Gustave H (Ralph Fiennes), a legendary concierge at a famous European hotel between the wars, and Zero Moustafa (Tony Revolori), the lobby boy who becomes his most trusted friend. Acting as a kind of father figure, M. Gustave leads the resourceful Zero on a journey that involves the theft and recovery of a priceless Renaissance painting; the battle for an enormous family fortune; a desperate chase on motorcycles, trains, sledges and skis; and the sweetest confection of a love affair all against the backdrop of a suddenly and dramatically changing Continent. Inspired by the writings of Stefan Zweig, The Grand Budapest Hotel recreates a bygone era through its arresting visuals and sparkling dialogue. The charm and vibrant colors of the film gradually darken with a sense of melancholy as the forces of history conspire against our hero and his vanishing way of life. Written and directed by Wes Anderson, whose films include The Royal Tenenbaums , Moonrise Kingdom , and Fantastic Mr. Fox . The film also stars Jude Law, Tilda Swinton, Edward Norton, Jeff Goldblum, Harvey Keitel, Adrian Brody, Saoirse Ronan, Lea Seydoux, Bill Murray and Owen Wilson.

"This release is an important contribution to the literary discourse about women's lives, sexuality, politics and popular culture in early 20th-century Russia." ¶Publishers Weekly One of the most sensationally popular and influential of all pre-Revolutionary novels, ÅKeys to Happiness is set against a panorama of Russian society on the eve of World War I. It tells the stormy tale of Maryya Yeltsova, a Russian "new woman" who pursues her dreams and passions as a dancer and free spirit who captivates, among others, a Jewish socialist tycoon and a reactionary Russian nobleman. At the time of its publication, the novel crossed the boundaries of both gender and class to define a new type of literature in Russian society. The editors' informative introduction places the novel within its cultural, political, and social context and makes clear for today's readers its literary and historical importance.

Bizarre military history: In 1979, a crack commando unit was established by the most gifted minds within the U.S. Army. Defying all known laws of physics and accepted military practice, they believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls, and!perhaps most chillingly!kill goats just by staring at them. They were the First Earth Battalion, entrusted with defending America from all known adversaries. And they really weren't joking. What's more, they're back!and they're fighting the War on Terror. An uproarious exploration of American military paranoia: With investigations ranging from the mysterious !Goat Lab! to Uri Geller's covert psychic work with the CIA, to the increasingly bizarre role played by a succession of U.S. presidents, this might just be the funniest, most unsettling book you will ever read!if only because it is all true and is still happening today.

Cassia has always trusted the Society to make the right choices for her: what to read, what to watch, what to believe. So when Xander's face appears on-screen at her Matching ceremony, Cassia knows with complete certainty that he is her ideal mate . . . until she sees Ky Markham's face flash for an instant before the screen fades to black. The Society tells her it's a glitch, a rare malfunction, and that she should focus on the happy life she's destined to lead with Xander. But Cassia can't stop thinking about Ky, and as they slowly fall in love, Cassia begins to doubt the Society's infallibility and is faced with an impossible choice: between Xander and Ky, between the only life she's known and a path that no one else has dared to follow.
