The zaddik replied: "It is impossible to tell men what way they should take. For one way to serve God is through learning, another through prayer, another through fasting, and still another through eating. Everyone should carefully observe what way his heart draws him to, and then choose this way with all his strength."

John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires—aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those

who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be—dangerous, passionate, alive, and free.

Drawing on a variety of approaches, this book explores historical, philosophical, theological, cultural and institutional themes such as Ignatian perspectives on Halakhic spirituality and the role played in Jesuit history by Jews forced to convert to Christianity.

Jesus Christ is arguably the
most famous man who ever
lived. His image adorns
countless churches, icons,
and paintings. He is the
subject of millions of
statues, sculptures,
devotional objects and works
of art. Everyone can conjure
an image of Jesus: usually
as a handsome, white man

Leading Christian Origins scholar Joan E. Taylor surveys the historical evidence, and the prevalent image of Jesus in art and culture, to suggest an entirely different vision of this most famous of men. He may even have had short hair.
