Robert Fitzgerald's translation of Virgil's THE AENEID is a text that sings with expert cadence and rhythm. I marvel at the precision and time it must have taken Fitzgerald to cobble this together. I found myself underlining passages throughout my reading.

Virgil : The Aeneid

In dramatic and narrative power, Virgil's Aeneid is the equal of its great Homeric predecessors, The Iliad and The Odyssey. It surpasses them, however, in the intense sympathy it displays for its human actors—a sympathy that makes events such as Aeneas's escape from Troy and search for a new homeland, the passion and the death of Dido, the defeat of Turnus, and the founding of Rome among the most memorable in literature.

The Aeneid, written by Vergil 700 years after Homer, at the commission of Augustus (himself in the process of consolidating his authority over Rome), turns the heroic victory of the much-admired Greeks on its head by postulating a survivor from Troy, Aeneas, who undergoes as journey akin to the Odyssey, even further afield.

"Arma virumque cano: "I sing of warfare and a man at war." Long the bane of second-year Latin students thrust into a rhetoric of sweeping, seemingly endless sentences full of difficult verb forms and obscure words, Virgil's Aeneid finds a helpful translator in Robert Fitzgerald, who turns the lines into beautiful, accessible American English. Full of betrayal, heartache, seduction, elation, and violence, the Aeneid is the great founding epic of the Roman empire. Its pages sing of the Roman vision of self, the Roman ideal of what it meant to be a citizen of the world's greatest power. The epic's force carries across the centuries, and remains essential reading."--Amazon.com.

Working "in the shadow of Eduard Norden" in the author's own words, Nicholas Horsfall has written his own monumental commentary on Aeneid 6. This is Horsfall's fifth large-scale commentary on the Aeneid, and as his earlier commentaries on books 7, 11, 3, and 2, this is not a commentary aimed at undergraduates. Horsfall is a commentators' commentator writing with encyclopedic command of Virgilian scholarship for the most demanding reader. Volume One includes the introduction, text and translation, and bibliography, Volume Two includes the commentary, appendices, and indices.

A new publication of the definitive translation of Homer's epic brings the ancient poem to life, chronicling the Greek siege of the Trojan city state and the war that ensued.

The Eclogues, also called the Bucolics, is the first of the three major works of the Latin poet Virgil, containing ten pieces, each called not an idyll, populated by and large with herdsmen imagined conversing and performing amoebaeon singing in largely rural settings, whether suffering or embracing revolutionary change or happy or unhappy love. The Georgics is the second major work by the Latin poet Virgil, with the subject of agriculture; but far from being an example of peaceful rural poetry, it is a work characterized by tensions in both theme and purpose. Publius Vergilius Maro, Virgil, was an ancient Roman poet of the Augustan period. He is known for three major works of Latin literature, The Eclogues, The Georgics, and The Aeneid.

The third book of the Aeneid translated into alliterative verse.

These books are intended to make Virgil's Latin accessible even to those with a fairly rudimentary knowledge of the language. There is a departure here from the format of the electronic books, with short sections generally being presented on single, or double, pages and endnotes entirely avoided. A limited number of additional footnotes is included, but only what is felt necessary for a basic understanding of the story and the grammar. Some more detailed footnotes have been taken from Conington's edition of the Aeneid.
