Satire at its best! In this indelible and deeply moving portrait of our time, two young people, Beckman and Malany set out on an odyssey to find meaning and reality in the artistic life, and in doing so unleash a barrage of humorous, unintended consequences. Beckman and Malany's journey reflects the allegorical evolution of humanity from its primal state, represented by Beckman's dismal life as a dishwasher to the crude, medieval development of manking in a pool hall, and

then to the false but erudite veneer of sophistication of the academic world. The world these protagonists live in is a world without love. It has every other variety of drive and emotion, but not love. Do they know it? Not yet. And they won't until they figure out why no birds sing here. Meier's writing is precise and detailed, whether the situation he describes is clear or ambiguous. Fans of Franzen and Salinger will find Meier to be another sharp, provocative writer of our time.

Here is a book as joyous and painful, as

mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her

age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors (“I met and fell in love with William Shakespeare”) will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. “*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity.”—James Baldwin From the

what is considered normal, where the dignity of life has little meaning, and where he can trust no one. Flying into the interior bush as a transport pilot, Ken learns quickly. He witnesses first-hand the disparate lives of the Liberian "Country People" and the "Congo People" also known as Americo-Liberians. These descendants of President Monroe's American Colonization Policy that sent freed slaves back to Africa in the 1800's have set up a strict hierarchical society not unlike the antebellum South. Author Dan Meier describes Ken's many escapades, spanning from horrifying to whimsical, with engaging and

Craig Waddell presents essays investigating Rachel Carson's influential 1962 book, *Silent Spring*. In his foreword, Paul Brooks, Carson's editor at Houghton Mifflin, describes the process that resulted in *Silent Spring*. In an afterword, Linda Lear, Carson's recent biographer, recalls the end of Carson's life and outlines the attention that

Carson's book and Carson herself received from scholars and biographers, attention that focused so minutely on her life that it detracted from a focus on her work. The foreword by Brooks and the afterword by Lear frame this exploration within the context of Carson's life and work. Contributors are Edward P. J. Corbett, Carol B. Gartner, Cheryll Glotfelty, Randy Harris, M. Jimmie Killingsworth, Linda Lear, Ralph H. Lutts, Christine Oravec, Jacqueline S. Palmer, Markus J. Peterson, Tarla Rai Peterson, and Craig Waddell. Together, these essays explore Silent Spring's effectiveness in conveying

Where the Bird Sings Best tells the fantastic story of the Jodorowskys' emigration from Ukraine to Chile amidst the political and cultural upheavals of the 19th and 20th centuries. Like *One Hundred Years of Solitude*, Jodorowsky's book transforms family history into heroic legend: incestuous beekeepers hide their crime with a living cloak of bees, a czar fakes his own death to live as a hermit amongst the animals, a devout grandfather confides only in the ghost of a wise rabbi, a transgender ballerina with a

Praise "This epic family saga, reminiscent of Gabriel García Márquez's *One Hundred Years of Solitude* in structure and breadth, reads at a breakneck pace. Though ostensibly a novelization of the author's own family history, it is a raucous carnival of the surreal, mystical, and grotesque."
