Not only is this the most comprehensive English-Swahili dictionary to date (about 60,000 entries) - it is also the first one to include phonetic transcription. It covers all major fields of interest. American pronunciation is shown in cases differing from standard British pronunciation. In addition the dictionary abounds in synonyms and suggested alternative translations. In other words, this is a book not only for looking up in, but also for learning from. Willy Kirkeby has taught at secondary schools in Norway, Germany and Tanzania, and has been compiling a comprehensive selection of dictionaries. These include English-Norwegian and Norwegian-English dictionaries in both comprehensive and smaller editions.

Now more than ever before, Muslim young men and women need to improve not only their personal skills but also their group performance. This Guide presents easy-to-follow instructions which can be used by those who desire to acquire these skills. This Guide focuses on the training needs of Muslim young men and women by providing the experience acquired by Muslim leaders over the last several decades. Thus, the new generation of leaders will be able to start from where their leaders left off, rather than having to duplicate their predecessors' successes and/or failures. Using a simple Do's and Don'ts format, this Guide enables the user to optimize his/her understanding of the art and science of da'wah and how it can be applied in today's world. Like genius, leadership entails harder work for the one who was born without this skill. It is to such people that this Guide is addressed. We are confident that, with the help of Allah, the user will be able to make a quantum leap forward in the areas of growth and improvement through the proper use of the methods outlined in this Guide. Over time, there will be noticeable improvements in the areas of concepts, management, administration, and communication as well as the skills needed for conducting camps, conferences, and meetings. This Guide is supplemented by suggested workbooks which will lead to an even deeper understanding of the skills needed for successful leaders.

In November 2011, an agreement brokered by the GCC brought an end to Yemen's tumultuous uprising. The National Dialogue Conference has opened a window of opportunity for change, bringing Yemen's main political forces together with groups that were politically marginalized. Yet, the risk of collapse is serious, and if Yemen is to remain a viable state, it must address numerous political, social and economic challenges. In this invaluable volume, experts with extensive Yemen experience provide innovative analysis of the country's major crises: centralized governance, the role of the military, ethnic conflict, separatism, Islamism, foreign intervention, water scarcity and economic development. This is essential reading for academi, journalists, development workers, diplomats, politicians and students alike. 'Essential reading ... The authors shed light on the context of the Yemeni uprising in a way that not only helps us understand the current transitional period but also the outlines of Yemen's future.' Charles Schmitz, President of the American Institute of Yemeni Studies 'An up to date and wide-ranging guide to what is arguably the Arab world's least known and most misunderstood state. Edited by one of Britain's foremost authorities on Yemen ... brings together an impressive range of experts on the country to examine the contemporary reality of Yemen.' Michael Willis, Director of the Middle East Centre, St Antony's College, Oxford University 'Thoughtful and well-researched, Why Yemen Matters unearths a wealth of information about contemporary Yemeni society.' Baghat Korany, Professor of International Relations, American University in Cairo

**Islamic Nursery Rhymes** is an endearing collection of nursery rhymes for young children to learn about the beautiful ways of Islam in a lovely experience of singing with their parents and elders. The rhymes in the book are traditional nursery rhymes reworded with timeless Islamic meaning. For example, 'Oranges and Lemons' is an historical rhyme about ringing the bells of East London churches as a man made his journey to his execution - and the version here, entitled 'Assalam Alaykum', is about mosques in East London spreading salaam (peace) and news of prayer time. The illustrations by Fatimah De Vaux Davies are attractive and highly detailed (yet faceless) to delight children and engage their interest in the actions of practicing Muslims. For example, one illustration depicts Muslims gathering around a large Qur'an that is spilling out light. In another, Muslims are performing ritual prayers upon the earth, while boats sail, and airplanes and rockets fly. These beautiful Islamic nursery rhymes can be used as songful remembrance of Allah as a resource for developing pre-recitation skills before reading the Qur'an.
