Dvd Guide To Birds Of

This DVD is an essential tool for both the serious and casual bird watcher. The 2 DVD set documents 505 birds that reliably breed north of Mexico. The menu system divides the birds in specific groups, following the classification used in field guides. (Loons are the first group on the first DVD). Within each group each species is listed.

Amazon.com: Audubon VideoGuide to 505 Birds of North ...

More than 10 years in the making, David Sibley's Guide to Birds is a monumental achievement. The beautiful watercolor illustrations (6,600, covering 810 species in North America) and clear, descriptive text place Sibley and his work squarely in the tradition of John James Audubon and Roger Tory Peterson; more than a birdwatcher and evangelizer, he is one of the foremost bird painters and ...
