6th December 2018 Fixtures are generally items which are attached, or 'fixed,' to the property, while fittings are items which aren't attached to the property, other than by a nail or a screw (such as a picture or mirror, for example).

What is the Difference between Fixtures and Fittings?

Prior to the expiry of the lease, our client took a further lease direct from the landlord of another part of the building and our client installed some further fixtures and fittings in this part of the building. Both leases required the tenant to remove tenant's fixtures and fittings at the end of the leases if the landlord so requested. Both ...

should be removed. Different buyers and vendors have different expectations and it is wise to clarify what will be included with the property in the early stages of the sale proceedings.

What you need to know about fixtures and fittings ...

Negotiation over fixtures and fittings
Both buyers and sellers can sometimes have the opportunity to negotiate on fixtures and fittings. If a buyer, for example, finds the seller is unwilling to budge on a property's asking price, they could request that all white goods are left behind if they are to pay the full price.

Fixtures and fittings property law: Everything buyers and ...

There is no legal definition of what constitutes fixtures and what constitutes fittings, however, it is generally considered that 'fixtures' are items that are secured or bolted to the walls or floor and 'fittings' are free standing
