Honda Sohc Fours Cb350 Cb400f

The tank logo featured a large "Honda" with a smaller "Super Sport" logo underneath. The side-cover logo read "400 Four" in a distint double-line font. In 1976, after frame number 1056883, the passenger footpegs were moved from a swing-arm mount to a loop bracket welded to the frame.

CB400F | SOHC/4 Owners Club

In spite of its entry-level focus, the CB350 was luxuriously finished with an upright riding position, four tilted-up silencers and chromium-plated mudguards. When first introduced, it attracted attention as the world's first four-cylinder production bike of such small capacity, but this curiosity never translated into market appeal and the ...

Over the next 13 years, Honda developed the single overhead cam four cylinder power plant into a line of motorcycles spanning from the revolutionary CB750 to the diminutive CB350F. Eventually the single overhead cam engine gave way to a double overhead cam design and the SOHC/4 era drew to a close.
