International Handbook Of Curriculum Research

The International Handbook of Curriculum Research is the first collection of reports on scholarly developments and school curriculum initiatives worldwide. Thirty-four essays on 28 nations, framed by four introductory chapters, provide a panoramic and, for several nations (on which there are multiple essays), an in-depth view of the state of curriculum studies globally.

Global Climate Change and the Need for Relevant Curriculum ...

Using design-based research (DBR), this study was conducted on a series of science learning activities leveraging mobile phones with relevant applications and sensors. We observed 3 different DBL workshops to understand potential learning effects and develop a curriculum to be reiterated as part of the DBR.
