Language and Power - Oxford Research Encyclopedia of ...

An ecological approach to language in society requires investigation of the relationship of languages to each other, to the speakers of those languages, and to the social structures in the society in which the languages are spoken (Creese and Martin, 2003). These relationships are visible in the ways in which languages are used, and in social actors' attitudes to, and beliefs about, languages.

Language Ecology and Language Ideology | SpringerLink

The topic of Language and Ideology has increasingly gained importance in the linguistic sciences. The general aim of critical linguistics is the exploration of the mechanisms of power which establish inequality, through the systematic analysis of political discourse (written or oral).

Language, Power and Ideology: Studies in political ...

Language ideology (also known as linguistic ideology) is used within anthropology (especially linguistic anthropology), sociolinguistics, and cross-cultural studies, to characterize any set of beliefs about languages as they are used in their social worlds. When recognized and explored, language ideologies expose how the speakers' linguistic beliefs are linked to the broader social and cultural systems to which they belong, illustrating how the systems beget such beliefs.

Language ideology - Wikipedia

The main objectives of this study fall into two general areas: first, to provide a theoretical background and methodology for the analysis of the relationship among language, ideology, and power; and second, to apply the methodology to a specific set of texts, namely, English textbooks that are used in North and South Korea, identify the major ...
