LOGITECH ZONE WIRELESS
Logitech audio engineers have been fine-tuning headset audio for decades, and the results are amazingly clear when you experience your own music with Zone Wireless. For phone chats and conference calls, the noise-cancelling mic isolates your voice from the noise around you for clearer conversations and a sidetone control helps you modulate the ...

Wireless Headphones | PC Case Gear
The Logitech G Pro X is a good sounding gaming headset that has lots of customization options. It's one of the most comfortable and better-built gaming headsets we've reviewed so far. They look quite similar to the HyperX Cloud II but feel slightly more high-end. They have a detachable boom microphone and Blue Voice technology inside their app, letting you access tons of customization ...

If you're looking for a pair of Bluetooth headphones with an even more comfortable fit, take a look at the Bose QuietComfort 35 II. They aren't as well-built as the Sony WH-1000XM4 Wireless and have a battery life that's a little over half as long, but the Bose are even more comfortable, with a relatively lightweight design and generous amounts of padding used on their ear cups and headband.

Logitech has just that in the shape of the K780 Multi-Device Wireless Keyboard, and it goes beyond replacing the on-screen 'boardFull Review techguide.com.au Stephen Fenech on July 6, 2016 Logitech K780 wireless keyboard connects to your devices and puts them at your fingertips

Logitech K780 Wireless Keyboard White 920-008149 - Best Buy
The Logitech G604 "LIGHTSPEED" wireless mouse is a great addition to my gaming setup. There's a stigma that surrounds wireless gaming mice and responsiveness, but I don't feel the impact with the G604. As this isn't a wired mouse, it has to have a battery; the bonus here is that it's a replaceable battery.

Wireless headphones can offer a great option to anyone who likes to enjoy their music on the go, or who doesn't like to be tied down by wires and cables. Wireless headphones connect directly to your audio device, and can be used to watch TV or movies, to listen to music and even to answer calls made to your phone.

Headphones - Wireless, Bluetooth & Noise Cancelling ...
Right off the bat, the Logitech G Pro X feels great to use. This is a sturdily built gaming headset, with a metal frame and thick cushions on the headband and headphones—it's comfortable and straightforward.. The headset strikes a great balance between comfort and tension.
