Paradox Hellas A.E. – Fire alarm & security systems

The Olarm GSM communicator is a plug-and-play smart device that upgrades your existing alarm system without replacing it. We built Olarm Universal based on three fundamental principles. It must work with all alarm systems, be effortless to install and have it's own always connected GSM uplink.

Olarm - Smart security made simple.

This is primarily used to arm and disarm the alarm system. Certain user codes can be of a higher importance, thus the alarm system allows certain user codes to have the ability to carry other system procedures i.e. changing codes, omitting zones, arming different areas. Most systems offer the facility to program more than one user code.

Troubleshoot - ARC

Online Library Paradox Alarm Manual Paradox Security Systems. The Spectra Security System will give you peace of mind by providing reliable security protection. Although, it can do much more than that. ... 12 User's Manual [8] Timer Loss Your alarm system's clock must be re-programmed. This is the only trouble that we recommend that you correct. [9]
