Person And Being

Here is an example of Clarke's "creative completion" of themes in Thomas, most notably the deep interconnections of the metaphysical category of "being" and "personhood." He argues, quite helpfully and persuasively, that being is inherently "personal" and that personhood is the true end and pinnacle of being.

Person and Being by W. Norris Clarke - Goodreads

Clarke brings St Thomas's work right up to date by incorporating the insights of personalist philosophers into St Thomas's metaphysics. Thus, Clarke demonstrates that the human person is not just a substance but a relational substance. The relational aspect of being is not accidental to being but is a primordial constituent thereof.

Person and Being (Aquinas Lecture): Clarke, W. Norris ...

Clarke brings St Thomas's work right up to date by incorporating the insights of personalist philosophers into St Thomas's metaphysics. Thus, Clarke demonstrates that the human person is not just a substance but a relational substance. The relational aspect of being is not accidental to being but is a primordial constituent thereof.

As nouns the difference between person and being is that person is an individual, usually a human being while being is a living creature. Milwaukee: Marquette University Press, 1993. 121 pp. \$15.00. Review of W. Norris Clarke, Person and Being. James W. Felt, S.J. In this lecture Clarke undertakes a "creative retrieval and completion" of St. Thomas Aquinas's metaphysics of the human person. He thereby also illustrates how the concept of person, drawn partly from theological grounds, provides an enriching new perspective on St. Thomas's metaphysics.

James W. Felt, review of W. Norris Clarke "Person and Being"
