Problems Facing Real Estate And Solutions - ONLINE DAILYS

Solutions to the Problem. Solutions to the principal-agent problem aim to align the interest of both parties. There are two main areas of improvement to address the problem: #1. Contract design. The main purpose of contract design is the creation of a contract framework between the principal and the agent to address issues of information asymmetry, stimulate the agent's incentives to act in the best interests of the principal, and to determine procedures for monitoring agents.
