Security Breach was the first book in the Rogue Security and Investigation series by Evan Grace. It was my first book by the author. Reece Meyers and Delilah Mackenzie had a one night stand when he came to town for business. They didn't exchange information and expected to never to see each other again.

Security Breach (Rogue Security and Investigation #1)

Security Breach (Rogue Security and Investigation #1) It was only one night. One night, and I was sure I'd never see her again. Fast forward six months and I'm staring into those same eyes. Only this time Delilah is my boss's daughter. But the real kicker...she's very much pregnant.

Why track security breaches? It's only natural to expect security companies to prioritize protecting their customers, but this isn't always the case. Whether you're holding the magnifying glass up to skipped security measures, sold customer data, or questionable business practices, there's a lot that security companies can improve.
