Such boxes help you make sense of the world, but they also can perpetuate biases and outmoded thinking. Leaders of creativity workshops often urge participants to "think outside the box." That sidesteps a major revelation: Given how the mind processes information, to be innovative you need a new box entirely.

### Thinking in New Boxes Free Summary by Luc De Brabandere et al.

So the answer is that you need to find a new box. And you must consciously build or choose that box yourself; if you do not, an unconscious process will do it for you. The way we think means that we cannot be creative in a constructive way without inventing models or boxes. Ideally, you need to develop a number of new boxes— new models, new scenarios, new ways of approaching a
