Uneven Zimbabwe: A Study of Finance, Development, and ...

Uneven Zimbabwe examines the influence of domestic and international financial markets and financiers in uneven development in Zimbabwe, using, - and contributing to - the tools of radical political economy. Theoretically, Bond begins with criticism of classical Marxist concepts of "finance capital" for focusing on institutional characteristics and failing to grasp the underlying dynamics.

Zimbabwe is a country with a rich history, dating from the early San hunter-gatherer societies. The arrival of British imperial rule in 1890 impacted the country tremendously, as the European rulers exploited Zimbabwe's resources, giving rise to a movement of African nationalism and demands for independence.
