It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' texbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

This change does not affect the calculation of an examinee’s subtest or composite scores. For those of you who purchased and installed the WAIS–IV Scoring Assistant, you will be notified by the software auto-update agent that an update for Version 1.0.2 is available when you log on to the internet.

### Dear WAIS-IV Customer,

You don't have to wait for outside researchers to generate GAI tables. The WAIS–IV includes the GAI as an optional index score. See Appendix C of the WAIS–IV Technical and Interpretive Manual for the norms table and other pertinent analyses relevant to using the GAI. Why are some 0-point or 1-point responses on the verbal subtests not queried?
